The celebrated Temperance Lec turer, J. W. H. HAWKINS of Baltimore, will visit Steubenville, on Tuesday the 18th inst., and is expected to remain three days. He will lecture on Tuesday, Wednesday and Thursday evenings,commencing at the South St. Methodist E. Church.

Mr. H. was one of the seven men who united together in Baltimore and organized the first Washingtonian Society .-He is an interesting speaker, and we hope our citizens will give him a fair hearing. Never was there a time when it was more important that the evils of intemperance should be portrayed than the present. Never was there a time when the youth of our city were in greater danger of being ruined than at the present time. Come then, young and old, male and female, and give aid and comfort to one of the best of causes-the overthrow of "King Alcohol."

We notice that Hofmayer is doing an extensive business in the Clothing line, he goes in for the doctrine of Quick sales and small profits' rather than keep goods on hand until they become unfashionable. Profitable purchases may be made at his Store.

GUTERMANN is a very gentlemanly dealer, and keeps an excellent assortment of Ready Made Clothing. His stock is selected with fine taste, and he gives a good article, for a fair price.

A NEW MOVE IN KANSAS. - The St. ceedings of the Constitutional Convention-for Kansas now in session at Topecarefully the men they trust in this movement or they will be betrayed. We have been led to this reflection by the movement of Mr. Delahay, the delegate from troduced a resolution declaring it proper sale low by dec. 12 J. ALLEN. for the Convention to adopt a Constitu SECOND STOCK of Winter Goods just tion without settling the Slavery question, but leaving that to be determined by the Winter Goods which will be sold at great vote of the people after its admission into the Union. He made a long speech in its favor. The plan seemed to take the CARPETS, Floor, Oil Cloth and Matting, delegates by surprise. Few of them ever dreamed of making a noncommittal Constitution, and the Democrat correspondent says that but a small minority will for a moment, entertain the idea. -It assumes importance only from the fact that it comes from a sort of organ of the Administration in the territory. We have not the least idea that such an act of suieide will ever find favor with a majority of the delegates.

We say to them, in advance, that such a scheme will not avail to go that State into the Union. The solemn compact of 1820, forever dedicate all that land to freedom. The people of the free States will insist upon the fu fillment of that compact, and will refuse to receive Kansas as a State, till its Constitution contains the prosplacery prohibition. It is our legal and our moral right, and we. shall insist upon it.

the above quantity is taken. Reader, I peddied over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet kinds of humor, In order to give some idea of the sudden rise.

and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annuls of patent medicines was ever like it. There is a universal praise of it from all ouarters.

In my own practice I always kept it strictly for humors-but since its introduction as a general family medicine great and womlerful virtues have been found in it that I never suspect Several cases of epileptic fits-a disease

which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady-there are but few who have seen more of it than I have. I know of several cases of Dropsy, all of

them aged people, cured by it. From the various diseases of the Liver, sick headache, Dys. pensia, asthma, fever and ague, pain in the side diseases of the spine, and parties arly in dis-cases of the Kidneys, etc. the discovery has done more good than any medicine ever known, No change of diet ever nececessary--cat the best you get and enough of it.
